Seizures, Spells and Shakes: Neurology for the Non-Neurologist

July 10 - 12, 2025

Presented by:

Department of Neurology
Medical College of Georgia, Augusta University with
Division of Professional and Community Education

West Beach Conference Center, 2 Shipwatch Road,
Kiawah Island, South Carolina

Cover Illustrated by: Colby Polonsky

OBJECTIVES

- This conference should enable participants to:
- conduct a neurological examination and determine when to order neurological investigations
 - recognize common neurological problems
 - manage common neurological symptoms, including headaches, seizures and dizziness
 - utilize new treatment techniques for neurological diseases
 - recognize and manage movement disorders such as Parkinson’s disease
 - manage neurological emergencies such as strokes and seizures
 - list strategies to diagnose and manage Parkinson’s disease, MS, TIA and movement disorders.

This course always receives enthusiastic reviews from enrollees. In the words of one physician, “This is the best clinical course I have ever attended. I particularly appreciate the fact that the course hit just the right level for a primary-care physician.” After one course, 100 percent of participants felt the course met the stated objectives.

Accreditation

The Medical College of Georgia at Augusta University is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians and providers.

Designation

The Medical College of Georgia at Augusta University designates this live activity for a maximum of 12.75 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Target Audience

This case-study course will provide an overview of common neurological problems for primary care and EM providers.
