GI Grand Round, Guidelines, Gastrostomy feeding tubes: summary and recommendations - 5/22/2025 |

Program Goal: 1 Our multi-disciplinary GI grand rounds conferences provide review through pathology, radiology and surgery to be able to discuss at length appropriate treatment for each patient depending on their medical histories, demographics, type of GI disorder.

2 Learners will be able to understand the various complexities of GI and be able to review up to date literature and guidelines for treatment

3 Discussions on improving patient care and their satisfaction of the care they are receiving is key to achieving success through these series

4 Presentations are evaluated by the attendees for the quality of the contents and also to evaluate whether the presentations positively affected the clinical practice and patient outcome

Target Audience: Gastroenterology

Faculty:

Misc:
